

PROFESSOR GARFIELD'S INTERNET SAFETY AND YOU QUICK START GUIDE

The Infinite Learning Lab will offer a series of standards-driven, interactive, animated lessons in mathematics, science, language arts, and life skills. The Virginia Department of Education has teamed up with the Professor Garfield Foundation, Office of the Attorney General of Virginia and the Verizon Foundation to provide these first lessons on Internet safety along with guidance for students, teachers, and parents.

Professor Garfield's Internet Safety and You is an online series of interactive, animated lessons. Comprised of a narrative tutorial (WATCH), guided practice (TRY), and an interactive challenge (APPLY), each lesson delivers a supportive and scaffolded learning environment for students. Using the site is as easy as ABC!

A. Navigating the Site

- 1 Four interactive lessons comprise the Internet safety unit:
 - Online Safety
 - Cyberbullying
 - Fact or Opinion
 - Forms of Media
- 2 Viewing window
- 3 Lesson plans and unit quiz
- 4 Tips for parents/caregivers
- 5 At completion of the unit, an Internet safety certificate can be printed.
- 6 A printable poster to remind students how to stay safe online
- 7 About the Infinite Learning Lab

B. Getting Started

Review the teacher's guide for a lesson. Determine how you will integrate the online lesson. The teacher's guide includes a lesson plan for each of the following topics:

- Learning Objectives
- Build Background
- Introduce Vocabulary
- Guide the Viewing
- Monitor Comprehension
- Consolidate Learning
- Wrap Up Topic

It also includes an Internet Safety Unit Quiz and Quiz Answer Key.

C. Playing the Lessons

Each lesson guides the student through a three-step approach. Start each lesson by clicking the **WATCH** button. You may also click **TRY** or **APPLY** if you would like to return to the lesson at a later time or repeat a segment as needed.

WATCH animated lesson
TRY interactive, guided practice
APPLY interactive challenge

In the **WATCH** segment, the following controls are available:

-  Rewinds the animation when in **WATCH** mode.
-  Fast forwards the animation when in **WATCH** mode.
-  Pauses/resumes the animation when in **WATCH** mode.
